HQ Logistics is a sister company of ATTCO and Care Logistics, operating since 1986, the company has rapidly grown to become one of Pakistan's most in-demand independent logistics businesses. Founded by Managing Director S.M Qasim HQ logistics offers a wide and varied logistics services in all over Pakistan. This included Biscuits, Soap and Detergent, Tea, Cigarette, Cold chain facility, Oil, Ghee and etc.

HQ logistics prides itself on honest, reliable and excellent customer service, treating each Customer, transport and warehousing with the highest level of personal attention, professionalism And confidentiality. Our all trucks include 24 hour satellite tracking equipment proving up to minute monitoring of consignment. Each and every haul is treated with the utmost care, arriving at destination on time and in perfect condition.

A 24 hour – 7 days service, the company's fleet includes the latest trucking and trailer equipment kept in pristine condition, professionally cleaned and mechanically serviced weekly. All drivers have an average 20 years on-road trucking experience. All are licensed and qualified and fatigue managed.

# About Us

Over the long span of years, HQ Logistics has provided a vital link for Pakistan's businesses requiring Transportation and warehousing consignments within Pakistan.

HQ Logistics was established in 2001 and has ever since been a logistics service provider. HQ Logistics is an independent logistics service provider, delivering wide range of transport and Customer-specific logistics services. We have built a reputation of reliability in transportation and Warehousing of goods locally and nationally due to our professional approach, competitive pricing and large network. With the quality of service rendered by us right from the inception we become the most preferred logistics service provider in Pakistan.

At present we are providing our service of transportation having container trucks with tracker facility and warehousing services having own warehouses, WMS System and our expertise to national and multinational companies in Pakistan.

# Our Vision

To supply best logistic services at fair and competitive prices with following our core values by providing safety and best quality of service and commitment throughout delivery.

To create customer value with our services and extend our business by providing services internationally

- ✓ To spread our distribution / transportation network to all over Pakistan working with renowned multinational companies (preferably).
- ✓ To provide safe and sound logistics services to all towns of the country
- ✓ Warehousing automation development in all aspects.
- ✓ To increase warehousing capacity to meet future requirements.
- ✓ To increase present fleet of transportation i.e. to include trailers of 40ft & 60ft.

# Mission Statement

## Our Purpose

To be a partner with industry by providing warehousing and transportation services that meets the customer's expectations of quality in service, productivity and cost.

## Our Objective

To provide a consistent level of excellent service that will earn a reward consistent with our investment, risk and result. And to develop a partnership, founded on trust and respect that has been earned through consistent delivery of quality services.

## Our Philosophy

To respect the right of each individual and treat everyone fairly; employees, customers and vendors alike. Our most important responsibility is the health and safety of our employees, the community and the general public. We are committed to operating our business in a responsible manner that will protect the environment.

# Various Logistics Services

We offer complete package of logistic services. Offering simple overflow storage space and transportation or more sophisticated logistics as per customer's demand, we can make a logistics solution, handle it all for you.

HQ Logistics offers variety of customized solutions for transportation. Providing services to any location in Sindh, Southern Punjab, Northern Baluchistan Regions, with the containerized trucks following safety procedures for handling all your goods.

HQ Logistics offers variety of customized and cost – effective solutions for transportation. Your freight can be transported to any location in Sindh, Punjab, and Northern Baluchistan Regions. There are containerized trucks for handling all your goods.

Covering all modes of transport, we provide you with the services you need to meet your customers' demands. Based on your business need, our team can suggest the most effective and efficient shipment options available.

We can provide the full spectrum of transport services to our customers. Direct from factory to distribution centers to city distributors; all fully managed by a team of transport professionals 24/7 in Pakistan. Our Dedicated Vehicles services allow our customers to outsource their specific requirements to us, making them, more cost efficient. HQ Logistics vehicles can be booked as a Dedicated Vehicle.

The value of the service we offer goes beyond inventory management and beyond supply chain visibility. Strategic location means our warehouses and distribution centers are near to motorways and national highways.

We provide bonded and highly specialized warehousing as part of an integrated clean room or temperature controlled supply chain.

To understanding the customer standard and requirement we provide warehouse management services with the racking facility, palletization, professional supervisors and all type of standard warehouse equipment and we manage stock with our Warehouse Management System (WMS).

## Services Include:

Distribution Centers

Vendor Managed Inventory

Warehouse Site Consultancy

IT Innovation

Temperature Controlled Warehouse

## Refrigerated Container Trucks

In this segment also we operate vehicles on “operating contract” basis. Meeting the demands of Food Processing Industry, we are engaged in providing Refrigerated Transportation Services. Designed in compliance with international quality standards, our chiller trucks are widely used for transporting perishable products at low temperature. Offered array of services is rendered using the latest technology. This service is available in the wide range of options at most reasonable rates.

## Full And Part Load

Even though demand for part load transport is high, it can be surprisingly difficult to find a company willing to carry out part load transport at a reasonable rate. Our part load transport service is perfect for people who want their items to be treated with care and professionally transported but don't have enough to fill a standard truck or container.

## Cross Docking

Cross-docking is an advanced but efficient logistics solution, HQ Logistics have experience to provide cross dock services in Hyderabad and Sukkur. By using our cross-docking service and letting us handle part of your company's sorting tasks, you save both time and money. In addition, it gives you the option of controlling your company's entire supply chain from manufacturer to end user.

# AREA OF SPECIALIZATION
